## UB ACHIEVEMENTS & HONORS

### FACULTY & STAFF BUSINESS

**Philip Maymin**, associate professor of economics and finance, information systems, has solved with his mother and father an ancient Asian legal puzzle, considered unsolvable for the past two thousand years. The Maymins have published their work in the *Asian Journal of Law and Economics*, available at <https://www.degruyter.com/view/j/ajle.ahead-of-print/ajle-2016-0027/ajle-2016-0027.xml?format=INT>

### ENGINEERING

**Buket Barkana**, associate professor of electrical engineering, and Ph.D. candidates **Zakariya Qawaqneh** and **Arafat Abu Mallouh** have published a full-length research paper, "Age and Gender Classification from Speech and Face Images Using Jointly Fine-Tuned Deep Neural Networks," in *Expert Systems with Applications, Elsevier*. The journal is ranked number one in the Google Scholar H-index under Artificial Intelligence.

**Did we miss something?** *UB Highlights* is published twice monthly during the academic year and monthly in January, June, and July to inform the University community about UB events and achievements.
